DIANA MILLS, VA., June 29.—The farmers have had favorable weather for the wheat harvest, and have secured the crop in good order. The yield is thought to be fully up to an average crop, and the quality is good. They are in the midst of the hay-making season and having good weather for saving the crop, which is turning out better than was expected some weeks ago. The crop will be a fair one, and the quality excellent. Nonrolk, July 1.-As expected there were only four removals of foremen in the navy-yard under the recent civil-service examination. All of the appointees are residents of Norfolk and Portsmouth, except Mr. C. E. Richardson, master plumber who is from Washington, D. C., and Republicans

The flagship Chicago was hurried away from the navy-yard this morning, according to the orders of Rear-Admiral Walker.
The condenser will be used to furnish the fresh-water supply during the faucy-display cruise up the coast. The Admiral was on board.
